

How to Price out a Loan without locking

To locate the Scenario Pricing Engine:

- Select Forms & Docs
- Select Scenario Pricer (all sections in RED must be filled to price correctly)

+ Credit Information

Mortgage/Rental History

0 ▾ x 30

0 ▾ x 60

0 ▾ x 90

0 ▾ x 120

Foreclosure

Never ▾

Bankruptcy

Never ▾

Credit Grade

▾

- Select Credit Information (to do this make sure you click on the plus sign)

Once all fields are filled in click on Product Selection at the bottom. Your pricing options will be shown by hovering over your rate and days quoted, and you may choose which rate/pricing is best for your loan.

Please note: The pricing after adjustments you are trying to reach should be displayed. All adjustments will show at the bottom under adjustments.

USDA				
Note Rate	15 days	30 days	45 days	60 days
4.750%	105.353	105.241	105.129	104.879
4.625%	104.986	104.827	104.650	104.400
4.500%	104.805	104.646	104.444	104.194
4.375%	104.479	104.354	104.195	103.945
4.250%	104.033	103.908	103.749	103.499
4.125%	103.488	103.347	103.173	102.923
4.000%	103.271	103.130	102.955	102.705
3.875%	102.573	102.432	102.292	102.042
3.750%	102.142	102.035	101.894	101.644
3.625%	100.779	100.638	100.497	100.247
Adjustments-Included in Pricing Above	Rate	Price	Margin	
Rule 1163: Escrow Holdback	0.000%	0.000	0.000%	
State is FL then price adjustment = 0	0.000%	0.000	0.000%	
Total Loan Amount > 100000 then price adjustment = 0.125	0.000%	0.125	0.000%	
Credit Score > 719 then price adjustment = 0.25	0.000%	0.250	0.000%	
Total Adjustments	0.000%	0.375	0.000%
