OPIC(S):

Miscellaneous, GUS error

QUESTION:

I received this GUS error when importing my file. This was a file I imported from Simple Nexus. What do I do now?

> The import of the application was unsuccessful:
>
> The import of the application was unsuccessful. Contact the Help Desk (RD.HD@usda.gov or 1-800-457-3642 [choose option 2 at each menu prompt]) or your USDA representative.
>
> Correct errors and re-upload file

ANSWER:

Go back and check the application. Be sure all the red asterisked fields are completed, that there are no apostrophes in any names, etc. Applications with any missing information can also hinder a file from importing into GUS.
